TISSUE BOX GUITAR

THINGS YOU WILL NEED

- A tissue box | PVA glue | lollipop sticks
- elastic bands | cardboard tube | pens | stickers

- 1 Stretch 3 elastic bands over the hole across the tissue box to make your guitar strings.
- 2 Wrap two elastic bands around each end of a bundle of 6 lollipop sticks to make a guitar bridge and put under the strings at the bottom of your guitar.
- 3 Then use a lollipop stick to secure the strings at the top of the guitar.

- 4 Make small cuts around the bottom of the cardboard tube and bend the small tabs backwards. Apply glue to the tabs and secure to the top of your guitar.

- 5 Decorate your guitar to make it unique!

SHAKERS

THINGS YOU WILL NEED

- Lollipop sticks | cardboard tube | Elastic bands
- Paper | Rice (or lentils) | Scissors | Glue(PVA)

- 1 Cut 2 circles of paper slightly bigger than the end of the cardboard tube. Use one circle to cover one end of the cardboard tube – glue it in place and then secure it with an elastic band.
- 2 Put a teaspoon of rice/lentils into your tube. Then secure the open end with the other circle of paper and secure in place with an elastic band, as before.

- 3 Wrap another elastic band around the outside of one end of the tube. Place a lollipop stick under the elastic band.

Then work your way around the tube – lifting the elastic band and placing the lollipop sticks side-by-side. Secure the other end with an elastic band.

- 4 Make a second shaker. Fill it with a different ingredient to make a different sound!
